1. **COMMUNITY OVERVIEW**

The Township of Muskoka Lakes is located in the heart of the District of Muskoka, situated at the southern tip of the Canadian Shield. About two million years ago, this section of the Shield was covered by a series of glaciers, which left behind the numerous lakes that define the municipality today. The Township encompasses a large geographic area around Lakes Muskoka, Rosseau and Joseph. Within the approximately 780 square kilometers in the Township's jurisdiction, lie over 80 lakes and rivers, numerous wetland complexes, bedrock outcrops, islands, all set amongst a mix of vegetation types and natural heritage areas. The natural beauty of the shorelines and the abundance of wildlife make Muskoka Lakes a world renowned and preeminent tourism and recreational living destination.

The Township's population consists of approximately 6,600 permanent residents (2016 Census) and over 27,000 seasonal residents. Anchored by the communities of Bala and Port Carling, the permanent residency is predominantly located in these two serviced urban centres and the rural area, while the seasonal residents reside primarily in the waterfront area. With the majority of the more highly assessed properties located in the waterfront area, at over \$11 billion in assessed property value (Municipal Property Assessment Corporation 2018), Muskoka Lakes has the largest assessment base in the District of Muskoka.

In addition to maintaining a road system of 380 km of local and rural roads in the Canadian Shield, the Township owns and operates ten fire stations, twelve community centres, two arenas, and multiple parks, trails, picnic areas, playgrounds, municipal docks, lake access points and launch ramps, beaches, spread throughout the municipality. To assist with the prioritization of the maintenance, repair, and in some cases the replacement, of this infrastructure, the Township is currently preparing an asset management plan. This plan will inform a long term sustainable financial plan.

2. **PROJECT INTRODUCTION & BACKGROUND**

The Township of Muskoka Lakes is issuing a Request for Proposals for Consulting Services to develop a Parks and Trails Standard Manual.

In 2022, the Township of Muskoka Lakes adopted a new Parks and Recreation Master Plan. This actionable Master Plan contributes to implementing the Township's strategic goals and aims to improve community and visitor usage of the Township's recreation infrastructure, parks, and trails.

As endorsed by Township Council, the plan recognizes a Parks and Trails Standard Manual as a key priority to guide the development of parks and open spaces. The Manual will establish both park and trail classification systems, and baseline construction details and requirements to guide future developments.

The Township of Muskoka Lakes is seeking the services of a qualified consulting team with extensive experience in Community Improvement planning and project facilitation to undertake the development of a Parks and Trails Standard Manual for the Township of Muskoka Lakes. The selected consultants will be working closely with the Manager of Parks, Recreation and Facilities, staff and Township Council.
