June 5, 2007

Fire Chief Jim Sawkins
Township of Muskoka Lakes
P. O. Box 129
Port Carling, Ontario
POB 1J0

Dear Sir,

This is to provide confirmation of the successful completion of the "Superior Tanker Shuttle" test for all of the Township's Fire Stations. We have credited the fire Department pumping capability as 3000 L/min. (626 Imp. g.p.m.).

We have given a "Superior Tanker Shuttle" listing for residential properties, and have upgraded the commercial properties grade in rural areas from a class 9 to a class 7.

This classification is valid within 8 kilometers by road of the Fire Stations for residential properties and 5 kilometers for commercial properties.

The Insurance gradings will be changed to reflect this accomplishment in our next release on the website. This letter may be taken as confirmation of the change in classification.

Should you require any further information, please do not hesitate to contact me.

Yours truly,

Michael McKenna,
Manager – FUS and Municipal Services
