Reason for Exemption:

Fire Chief Approval:

An inspection of the property may be conducted by an Officer to verify that all outlined measure below have been met:

- The Fire will be no larger than 3 metres in diameter by 2 metres in height.
- Set-back from any combustibles must be a minimum of 15 metres (50 Feet)
- A Minimum 3 metres (10 feet) perimeter shall be maintained around the location of the fire made up of Non-Combustible Materials.
- A minimum of 76 litres (20 gallons) of water and/or portable fire extinguisher available within 5 metres of the fire capable of extinguishing the fire until fully extinguished

The Fire Chief may prohibit Open Air Fires if the Person, applicant, occupant, owner, or Contractor has contravened the provisions of the Burning By-law 2023-034 in the past, or any conditions for Open Air Fires on a previous occasion.

This approval along with the permit it is attached to is suspended when the Fire Danger Rating reaches Extreme, the Fire Chief has issued a Fire Ban, or the Province has declared any area within Muskoka Lakes a Restricted Fire Zone.
