Request for Tender

T-2026-28

Removal and Replacement of Fuel System at Patterson Yard

ADDENDUM # 3

July 17, 2026

The following addendum shall now form part of the contract documents and amends the applicable information contained in the original contract tendering documents.

All other information contained in the original tendering documents remains unchanged.

T-2026-28 ADDENDUM # 3

July 17, 2026

Directions to Bidder:

Subsection 4.4 of Section “TC-4 Addenda” within “Part II – Tender Conditions” is amended as follows:

The deadline for the posting of addenda is 4:00 pm on Friday, July 17, 2026 or as amended by addendum.

The following is deleted from Addendum #1 that was issued on July 14, 2026:

“6. The existing ASI ASPC Box currently is not configured for dual fuel dispensers at this site and requires additional relays. The work shall include the upgrade of any required equipment as well as the setup and commissioning of the new system to operate with the Township’s existing Winfuel Software.”

For further clarification, the following information has been supplied:

In response to a question at the site meet, the Township asked the cardlock manufacturer (ASI) if the current card lock unit and ASPC box is setup for only one pump and if it would require additional relays. The manufacturer has confirmed that it wired for two pumps. There are wires in the R4U module labelled L-2, LD-2, and S-2 that are for a second dispenser. The Attendant is also wired to accept the second pump. As per the tender documents ASI shall be contacted to determine full construction requirements and the Contractor shall be responsible for coordinating with ASI for installation and commissioning of the new system as part of the work.

The Bidder shall:

1. Sign this Addendum in the space provided below and submit this Addendum to the Owner in the same submission package as the Tender
2. Enter this Addendum number, date and number of pages on the Tender submission (Part III – Form of Tender Section 1.1.f, page A-8)
