

SHORT TERM RENTAL ACCOMMODATION (STRA) SITE MAP

A Site Map can be hand drawn or computer generated. As a starting point, you can use a screenshot from Muskoka GeoHub, a current survey, site plan, or building permit drawing. Required features should be added to whichever basemap you are working with. The Site Map can be completed by an owner, surveyor, designer, builder, or any other capable person.

The Site Map must be drawn to scale and must include:

A clear title including the complete property address.	
	All property boundaries.
	Driveway and parking spaces.
5 m 	All buildings and structures with dimensions. • Cottage/House • Sleeping Cabin/ Bunkie • Shed • Deck • Sundeck • Dock
	Firepit location and setbacks (must be 6m from combustible material)
	Septic system and well. If the property connected to Municipal Services, please note on Site Map.
5 m 	All landscaping features: - Patio - Hot Tub
	Outdoor cooking appliances: - Barbecue - Pizza Oven - Smoker
Garbage Bin (Animal Proof) 	Waste disposal/ garbage bin location. Please indicate if garbage bins are animal proof. If not, please indicate that garbage will be kept inside until pick up and indicate location.
